RE:	██████████ Interview	CASE NO:	Zimmerman Case
NARRATIVE			

5/10/12 1100 hours

██████████

██████████ is Trayvon's cousin. Both are from Miami.

Investigator O'Steen and I interviewed him outside of his apartment.

On the Saturday before the incident he and Trayvon went to ██████████ football game. Afterward, they brought ██████████ back to his home so he could clean up.

██████████ and Trayvon went to a movie theater but didn't go inside because they didn't like the scene. He described the theater as being near where Trayvon was staying, but he doesn't know the location. ██████████ said that they were in his brother's car.

They got something to eat at McDonald's then went back to Trayvon's, no later than 11:00pm. ██████████ went to sleep in the garage area and Trayvon was talking on his cell phone. ██████████ said at one point he was trying to determine what girl Trayvon was talking to so he grabbed the phone. He talked to the unknown girl for a minute then handed the phone back to Trayvon.

The next morning ██████████ went through some boxes of clothing that Trayvon's father had left for them. He then drove up to the 7-11 to get a Black & Mild. Trayvon went with him and stayed in the car. He dropped Trayvon back off at the townhouse between 8:00-8:30am. ██████████ then went home. That was the last time he saw Trayvon.

██████████ was asked if Trayvon mentioned anyone in the complex he was having problems with. He said that Trayvon didn't know anyone except ██████████ and never mentioned any problems with anyone. He said that he did not see Trayvon smoke marijuana.

██████████ was asked if he had heard the 911 calls played by the media. He said he had listened to them all. When asked about the calls for help he said without a doubt "on a stack of Bibles" that it was Trayvon's voice. He said he and Trayvon were close in Miami, spending almost every weekend together.

RE:	██████████ Interview	CASE NO:	Zimmerman
NARRATIVE			

April 4, 2012 4:15pm

T.C. O'Steen and I interviewed ██████████ in her lawyers office, 1303 Colonial Avenue W. Orlando, FL, at her request. Present were her lawyers, ██████████.

██████████ reviewed her audio interview with Detective Serino, SPD, prior to the interview. Brett had been furnished her written statement to SPD, her written statement to a private investigator (both supplied by John Guy at their request) and her 911 call.

They had previously contacted the Martin family attorney, Ms. ██████████ and Ms. ██████████ had provided them with the written statement taken by a private investigator. She did this with the understanding that it would not be revealed. Brett was upset, indicating that Jackson had broken her word by supplying it to law enforcement.

O'Steen asked her if she could tell who the voices were outside of her house. She said no, that her window was not open but the voices were loud which was not unusual. O'Steen asked her if they were arguing. She said that she had just shut the window in her bedroom and it was raining hard. She heard voices and wondered who would be walking their dog in the pouring rain. She got onto her bed with a book. She heard the voices again and opened the window. She said she didn't remember if it was raining at the time.

O'Steen asked her how long was it from the first time she heard the voices until she opened her window. She said 5-8 minutes, tops. She couldn't understand what was being said but it was not a conversation. She heard a loud man's voice arguing and could also hear another man's voice. She said the louder man's voice was dominant.

O'Steen asked what happened after she opened her bedroom window. She said that she looked out and did not see anyone walking their dog. She said there were some porch lights illuminating the area. One was on the right as she viewed the area. She could not see much due to the glare from her window so she turned off her night light. She then saw two people on the ground one on top of the other.

O'Steen asked her where that was and she drew a diagram (in file).

██████████ said she got her telephone and dialed 911. She heard yells from where the two men were. She heard "normal" calls for help and "horrifying" calls for help. She heard "agonizing yelps".

O'Steen asked if she could determine the clothing that the guy on top was wearing. She said not the colors. She said the one on top was more like wrestling not arms swinging as if striking blows. She said that it was a side to side movement on top of each other.

O'Steen asked her if she could tell which one was "yelping". She could not. O'Steen asked her if she could determine the race of the person on top. She said not until later, after the shooting.

O'Steen asked her what happened after the 911 call. She said while on the phone she heard yells. She saw one on top of the other then heard "pop" more than one time. She always thought that gunshots were louder but she heard "pop-pop-pop" in a melody sound. She did not see any burst of light from the gunshot. She said that the bigger person got up.

O'Steen asked when he got up. She said the person that got up was the bigger one and he got up after the pop-pop-pop noise. The person who got up walked toward her window. He walked toward the top left. She said he was a Hispanic man with a short sleeve shirt on. She was seeing him from the side and could tell he was Hispanic. He walked away from the other man toward her window. She said that he took a weird stance which she demonstrated by partially bending over and placing her bladed hand on top of her forehead (as if peering in the distance).

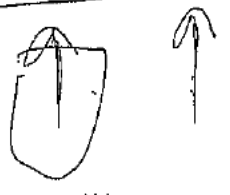

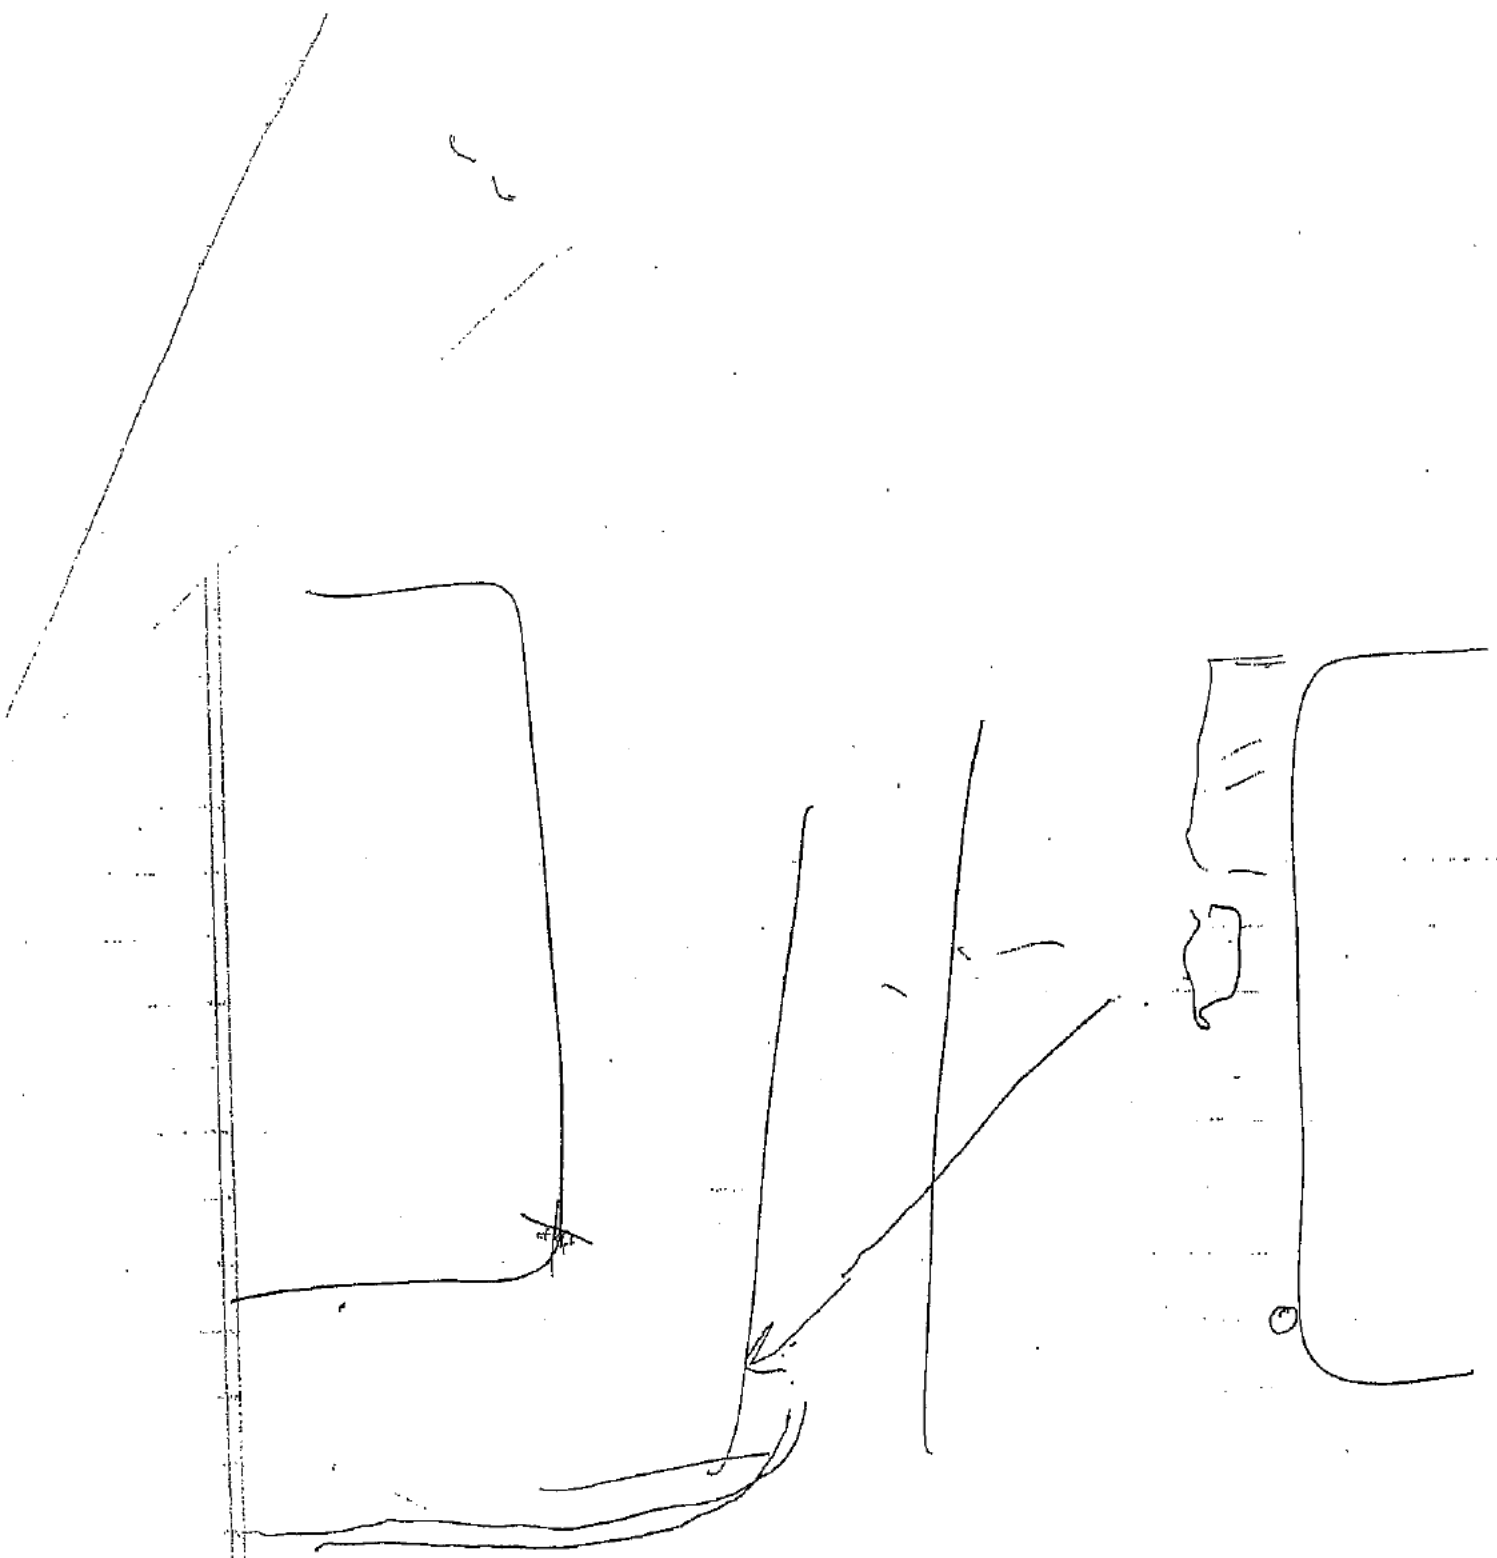

██████ said that someone ran down the sidewalk toward the person with a flashlight. He was not a police officer. She did not hear anything that was said between them.

Right away she saw another person with a flashlight running up. She heard the person standing there say "I shot Him". She saw the police officer handcuff him. She never saw a weapon.

O'Steen asked if she saw anyone else out there after the struggle. She said he was all alone.

O'Steen asked if he walked anywhere else other than toward her window. She said he did not and it was seconds before the police officer arrived.

She said that she was upset over the death after she gave her statement to Detective Serino. He attempted to comfort her by telling her that the person who was calling for help was alive. Serino told her that the alive person was "really beaten up and scratched".

RE:	██████████ Interview	CASE NO:	Zimmerman Case
NARRATIVE			

4/4/12 1805 hours

Investigator O'Steen and I interviewed ██████████ outside of her townhouse.

On the night of the incident she had arrived home as it was starting to sprinkle. She was bringing stuff in from her car, making several trips. She heard nothing as she was unloading. Afterward she was going to take her dog outside.

She opened the sliding glass door and saw a body outside on the ground. She heard someone moaning in pain but not as if in pain. Just a low moaning. She said that the guy three doors down had his sliding door open and was asking "are you ok buddy". She heard a groaning in response but doesn't know what was said.

The neighbor said he was going to call 911. Upon hearing that she closed her door which she had not gone out of. She made sure her front door was locked also then set the alarm. She then went upstairs and looked down out of her back window which was open.

She said that Detective Serino timed her trip from back door to upstairs and said it was 1 minute and 30 seconds.

She saw flashlights outside and police officers. She saw paramedics carrying something. She then heard a "pop". She has never heard a gun before.

Clarifying, she said that after the police were there she saw more than one flashlight and heard the pop then. She then said she didn't know if the paramedics were there yet.

She then said that she had talked to 911, telling them that someone was hurt. She heard sirens then heard the pop.

I asked her what time she arrived home and she estimated 7:15- 7:30pm. She made 2-3 trips to her car for items. She said her dog wanted to get out.

She said she saw Zimmerman at a HOA meeting within the past year.

When she originally heard the noise behind her home she thought it was "kid noise", until her neighbor across the way asked if someone was okay. Once she heard him say 911 she shut her door. She then looked out of the glass and saw the silhouette of a person on the ground. She went to call 911 and checked the lock on the front door. She then went upstairs, opened the window, saw flashlights on the buildings and then heard sirens.

On 3/27/2012, 5:15pm - Myself, Bernie de la Rionda and John Guy went to ██████████ and talked with ██████████. ██████████ advised that she has lived at this residence since 2007. ██████████ had lived there since 2011. Both witnesses advised that they were in the kitchen talking. It was raining outside so they opened the window. It was very dark outside. The third house from the corner on the other side had the porch light on. ██████████ heard a whining sound and looked out the window but it was too dark to see. They then heard a gunshot. ██████████ ran to the sliding glass door and stepped outside onto the porch area.

██████████ saw the Victim on the ground and another subject on his knees with his hands on the victim's back. ██████████ was standing behind ██████████. ██████████ saw the Victim's leg kick one time. The Victim had white tennis shoes on. ██████████ asked what was going on and the subject just looked at her but didn't say anything. ██████████ repeated two or three times asking what was going on. The subject said, "just call the police". The subject then started pacing back and forth with his hands on his head. The lady in the corner apartment came out and ██████████ told her there was a shooting and to go inside. ██████████ advised that she then saw someone walking with a flashlight. ██████████ and ██████████ then went inside and shut the door.

██████████ advised that she heard the whining sound two times. Seconds after the whining sound, she heard the shot. She ran to the sliding glass door thinking one of the kids was hurt. She looked directly to the right when she went out the door. ██████████ advised that the man on top of the other had his hands on the bottom subject (Victim). He wasn't saying anything to the subject (Victim) who was on the bottom. ██████████ called 911. ██████████ said the whining sounded like a young kid. It was a complaining whine.

Singleton talked with Det. Serino who asked her to get a statement from Zimmerman and she did. She didn't know if the video system was working so she audio recorded the statement.

The Evidence Technician came and collected clothing and photos of Zimmerman. The injuries to the back of the head of Zimmerman appeared to be abrasions and not lacerations. Zimmerman did use the restroom and cleaned up before the interview. She advised him of his rights from a rights card. Singleton had a colored google map of the complex and Zimmerman went over details using that map. Singleton advised that Zimmerman was not under arrest but was being brought down for questioning. RE:	George Zimmerman	CASE NO:	
NARRATIVE			

On 4/10/2012 at approximately 10:57 hrs, George Zimmerman called the State attorney's Office in Jacksonville. He talked with receptionist Debra Frick and advised her that he was told that Angela Corey was looking for him and was wanting to schedule a meeting with him. He proceeded to tell Frick that his contact is John Batchelor with FDLE [REDACTED] Zimmerman also gave his # [REDACTED].

At 13:30 hrs, Bernie de la Rionda called Zimmerman's Attorney Mr. Sonner (while I was present in the room) and told him that Zimmerman had called our office. Sonner was told that we had not spoken to Zimmerman and was just letting him (Sonner) know that Zimmerman had called us. The call with Sonner was ended.

A few minutes later Sonner called back stating that he is unable to reach Zimmerman. Sonner asked if we could call Zimmerman and do a three way call with Sonner on the line. Mr. De la Rionda said that he was reluctant to do so but that since Mr. Sonner had problems contacting Zimmerman, he would do so at Mr. Sonner's request. Mr. De la Rionda told Mr. Sonner that I and not Mr. De la Rionda would be speaking with Zimmerman. Also present in the room was Investigator Dale Gilbreath.

Zimmerman's phone # [REDACTED] was called from Mr. de la Rionda's cell phone while Sonner was on the line. The speaker phone was on. George Zimmerman answered and I asked him if he was George Zimmerman and he acknowledge that he was. I told him I was Investigator T.C. O'Steen from the State Attorney's Office in Jacksonville, Florida. I told Zimmerman that I was told that he (Zimmerman) had called our office today. I told Zimmerman that his attorney Sonner was on the line making it a three way conversation. I asked Mr. Sonner if he could hear me and he acknowledged that he was on the line. I then asked Zimmerman if he was on the line but I did not get a response. The call was ended. We then tried to do another three way call to Zimmerman from the office phone. Zimmerman did not answer the phone therefore no three way call was done.

At 14:00 hrs, Mr. de la Rionda received a call from a blocked number while Myself and Gilbreath were in his office. Mr. de la Rionda put the call on speaker phone after realizing the caller was George Zimmerman. Mr. de la Rionda told Zimmerman that he is the Prosecutor on the case and has been in contact with Zimmerman's Attorneys and didn't want to speak with him without his attorneys. Zimmerman stated that he is not being represented by Attorneys Sonner nor Uhrig in reference to the incident that occurred on 2/26/2012. He advised that they are only Legal Advisors and since he has not been charged, they are not representing him on this case. Zimmerman advised that he does not have a contract signed with the attorneys and again said they are not representing him on this case. Mr. de la Rionda told Zimmerman that he understood that he was wanting to talk with Ms. Corey but she was unavailable. Mr. De la Rionda then advised Zimmerman that I would talk to him. I then told Zimmerman that I would call him back at a later time. I verified with Zimmerman his cell number and the call was ended.

At 14:05 hrs, Mr. de la Rionda called Mr. Sonner and he was placed on the speaker phone with Myself and Gilbreath in the room. Mr. de la Rionda told Sonner that Zimmerman had called and that Zimmerman said that he is not being represented by Sonner or Urig. Sonner stated that he had a lot invested and wished Zimmerman would tell him that. Mr. de la Rionda advised that was between Sonner and Zimmerman and that he was giving Sonner a courtesy call and letting him know what Zimmerman said. I informed Sonner that I told Zimmerman I would have to call him at a later time. We told Sonner that we were not going to call Zimmerman to talk to him. The call was ended.

RE:	Tracy Benjamin Martin interview	CASE NO:	
NARRATIVE			

On 04/02/2012, 4:35 pm, Myself and Bernie de la Rionda talked with Tracy Martin, the Victim's father in Miami at Sybrina Fulton's apartment. Martin advised that he is a truck driver for ██████████ in Medley, Florida. He has been employed there approximately 11 years. Martin advised that it was on the Tuesday before the incident, not the Wednesday, that he dropped the Victim off with his girlfriend ██████████ who met him half way between Miami and Sanford. The Victim was staying with ██████████ in Sanford. The last time he saw the Victim was on Saturday night after the football game. The Victim left with ██████████ Martin gave the Victim \$75-\$100.00 to eat and to go to the movies.

On Sunday night, Martin and ██████████ returned to ██████████ apartment around 10:30 - 11:00 pm. After returning, he learned that Trayvon (Victim) was not there. Martin then tried calling the Victim on his cell phone but it went to voice mail. The next morning, ██████████ told him that the Victim was not home. Martin contacted ██████████ who said the Victim was not with him. Martin then called the police to make a Missing Person's report. He gave a description of the Victim. Approximately five minutes later, the Sheriff's Office called back wanting a clothing description of the Victim. Soon after, a marked police car and an unmarked police car pulled up. The Detective showed him a crime scene photo of the Victim and he identified the Victim.

Martin advised that the Victim is not familiar with guns and has never been around guns. Martin does not own a gun. Martin advised that he obtained the cell phone records of Trayvon's phone and learned that a girl named ██████████ was the last person that talked with Trayvon. Martin advised that ██████████ didn't go into any details of the phone call. Martin told ██████████ that his attorney would contact her.

Martin advised that on the Tuesday after the incident, he and ██████████ went to the Sanford Police department to get the body released. Martin remembers being at a desk with a Detective. Martin was still in a daze, trying to deal with the death. The Detective played a 911 call from a witness where a voice was yelling for help. The Detective asked Martin if the voice yelling for help was the Victim's voice. Martin said that at the time, he was emotionally upset and didn't give his full attention to the recording. He told the Detective that he couldn't tell whose voice it was. Martin never told the Detective that it was not Trayvon's voice. ██████████ was there also. The Detective played the 911 call only once and at no time did Martin say the voice yelling for help was not his son's voice. He has since listened to the 911 calls many times and is sure it was his son's voice calling for help.

**FLORIDA DEPARTMENT OF LAW ENFORCEMENT
INVESTIGATIVE REPORT**

This investigative report documents the recorded, sworn interview of [REDACTED]. The interview was conducted in furtherance of the investigation into the February 26, 2012, shooting death of Trayvon Martin.

[REDACTED] is a resident of the Retreat at Twin Lakes and currently resides at [REDACTED]. Event details of the foregoing investigation indicate a 911 call was received from this address.

On March 20, 2012, at approximately 1753 hours, Special Agent (SA) John Batchelor along with Investigator Jim Post of the Eighteenth Judicial Circuit conducted a recorded, sworn interview with [REDACTED] at her residence.

The following is a summary of this same interview and is not meant to be all-inclusive.

[REDACTED] said that her [REDACTED] was watching television, while she was on the phone with her work. It was at this moment when she thought she heard something outside which kind of sounded like "screaming". At first she did not worry too much about it, because it was not uncommon for kids to be screaming and playing outside this time of day. She then thought she heard what sounded like the word "help" or not quite the word "help", so she asked [REDACTED] to pause the television. As both of them were listening, [REDACTED] said that it sounded like a male was definitely yelling "help". She then said it sounded like they were running toward them because the sound was getting louder. It was at this moment that [REDACTED] got up and went over to the back patio door and opened the blinds. Not seeing anything he then opened the door just enough to stick his head outside. [REDACTED] then yelled something along the line of "hey stop it" and then said he was going to call 911. Because of a foot injury, [REDACTED] was crawling toward the stairwell while [REDACTED] was calling 911. It was at this moment when [REDACTED] heard the gun shot. [REDACTED] then went upstairs to look out the bedroom window and says something along the line of "oh my god, someone is laying in the grass". The next thing she knew the police had arrived. [REDACTED] said that she never looked outside until the police were on scene. [REDACTED] said that she did not know either one of the individuals involved. She understood that George Zimmerman was the head of the neighborhood watch but that they had never been to a Home Owners Association meeting.

On March 19, 2012, at approximately 1228 hours, Special Agent (SA) John Batchelor along with Investigator Jim Post of the Eighteenth Judicial Circuit conducted a recorded, sworn interview with [REDACTED] at her residence.

The following is a summary of this same interview and is not meant to be all-inclusive.

[REDACTED] said that she was upstairs in her office with the windows open, when she heard someone screaming for help. [REDACTED] describes hearing calls for help five (5) or six (6) times, long and sustained calls. She could not tell who the person was however; she knew it was a man's voice which she thought was strange. Although her blinds were closed she peeked out from underneath her blinds and saw a guy on top with a white t-shirt. She later describes this person as having his back to her. She does not hear or see anyone fighting or hitting on one another. Because everything was dark, she could not see skin color, pants color, head or hair, she could only see the person with the white shirt on top. Scared by the situation she called 911. [REDACTED] said that from his voice, she could tell it was not just someone saying, "Oh hey help" she could tell it was someone scared. [REDACTED] said that she also got scared because it was occurring at the next house over behind hers. For fear of someone hearing her talk she moved to her other office. While on the phone with the dispatcher, she heard the gunshot. The dispatcher then tried to calm her down and figure out where she was as well as the location of the incident. [REDACTED] then told dispatch the location of the incident was behind her house. Once she saw the police arrive, which she describes as "literally like five seconds too late", she again peeked out the window. [REDACTED] said that by this point everything was done. [REDACTED] said that she has never met or seen either of the individuals involved.

During the interview [REDACTED] was asked to draw a sketch of where she was looking and where the

[REDACTED] said this is when he met George Zimmerman. Zimmerman told [REDACTED] that he was going around trying to get people interested in joining the neighborhood watch. Zimmerman provided [REDACTED] with some details about neighborhood watch and further indicated that anyone could go to the Sanford Police Department and start up one. At the request of [REDACTED] and Zimmerman, "Wendy" (later determined to be Wendy Dorival) a representative of the Sanford Police Department, attended a HOA meeting that was held on September 22, 2011. [REDACTED] said that he tried to keep an open line of communication between him, Zimmerman and Dorival as it related to the reporting of suspicious activity. [REDACTED] said that he knew nothing of Zimmerman's background and that Zimmerman never provided any information about his background. [REDACTED] said that he never received any complaints about Zimmerman and that "everyone seemed to think he was doing a good job".

This Investigative report documents the recorded, sworn interview of [REDACTED]. The interview was conducted in furtherance of the inquiry into the February 26, 2012, shooting death of Trayvon Martin.

[REDACTED] is a resident of the Retreat at Twin Lakes and currently resides at [REDACTED] Florida. Event details of the foregoing investigation indicate a 911 call was received from this address.

On March 20, 2012, at approximately 1810 hours, Special Agent (SA) John Batchelor along with Investigator Jim Post of the Eighteenth Judicial Circuit conducted a recorded, sworn interview with [REDACTED] at her residence.

The following is a summary of this same interview and is not meant to be all-inclusive.

[REDACTED] was provided a copy of a sworn written statement, that he gave to members of the Sanford Police Department on the evening of February 26, 2012. [REDACTED] verified the written statement as being the one he authored and provided to the Sanford Police Department.

[REDACTED] said that he and [REDACTED] were watching television when they heard a loud noise outside. They first thought it might be kids in the neighborhood or people having a good time outside. Hearing the noise a second time, he decided to mute the television. Not hearing anything at first, he heard the sound again as if it was coming toward him and getting louder. It was at this moment when he looked outside through the blinds and the sliding glass door. Having only a porch light, he could not truly see what was out in the grass area. He then opened the door and leaned out and saw what he describes as something that looked like a "dog attack" [REDACTED] says of his initial view, that he could see a person facing away from him who appeared to be looking down toward the ground, while in some sort of a vertical position. It was only when he heard a males voice yelling "help, help, help", that he observed a second guy pushing up or trying to get out from underneath of this person. It appeared to him the two individuals were struggling or wrestling. [REDACTED] described the person on the top as being a male with a darker complexion, wearing a black or dark colored shirt or jacket. He described the second person, or the person on the bottom, as being a male with a lighter complexion, wearing a lighter colored red or white shirt.

He then asked the two individuals, "What's going on", at which time he heard someone yell "help, help" a second time. [REDACTED] indicated that at no point could he see who was yelling help. He then said, "Hey cut it out", to which neither of them responded. While still positioned on the ground, he describes the two individuals turning and moving onto the sidewalk. He said the person wearing the black shirt was still on top of the other person wearing red. He recalls seeing the person on top either forcefully holding the person on the bottom down, or hitting the person on the bottom. It was at this moment that he felt the fight was intensifying, so he indicated that he was going to call 911 and went back inside. He then closed and locked the door and dials 911.

While on the phone with 911 he heard a gunshot or what sounded like a rock hitting the window. After hearing the gunshot and while still on the phone with 911, he immediately went upstairs. As he went upstairs he looked out the window to see the person who was on top of the other person, lying motionless in a sprawled position face down in the grass. He describes the sprawled position as one hand up and one hand down. He then recalls seeing the other person, who was on the bottom, standing with his hands in the air. Not sure if the police were on scene yet, he also saw someone come from around the corner holding a flashlight. He then heard the person with his hands up say, "the gun is on the ground, I shot this guy in self-defense". He described the police as arriving almost immediately.

During the interview [REDACTED] was asked to read a portion of his original statement that he provided to the Sanford Police Department. He was asked to read the portion of his statement where he indicates that "...the guy on the bottom getting hit was yelling help". [REDACTED] said of his earlier statement, that he never observed which individual was yelling help, he only made an assumption that the person on the bottom would be the one yelling help.

During the interview [REDACTED] was also asked to draw a sketch of where he was looking and where the individuals were positioned that evening. [REDACTED] initialed and dated his drawing.

[REDACTED] said that she was home on the evening of the 26th along with her sister, her niece and her niece's friend. The window in the kitchen which looks through to the rear of her home was half open and the back glass door was closed. While in the kitchen cooking she heard some kind of noise that she really could not make out. She said it sounded like kids but wasn't sure, because she had seen kids out there thirty (30) minutes earlier. She later describes the sound as a "groan" or "moan". She then looked out the window but really couldn't see anything. She moved over to the back glass door where she observed what looked like "figures". She could not make out if it was kids or not. It just looked like figures and arms moving. She could not describe any clothing or tell if they were black or white. She said that it was really dark back there. She describes seeing the neighbor whom she believes is [REDACTED] and recalls him asking what's going on out there, and saying that he was going to call 911.

After [REDACTED] said this, he closed his door and she went to turn off her stove. As she was in the process of turning off the stove she heard the gun shot. She then looked outside and saw what she describes as "the body" lying face down in a running position. She did not see anyone else. [REDACTED] said early that evening she was outside reading, when around 1830 hours she came inside. She describes the evening as being rainy and dark. [REDACTED] went upstairs to the bathroom and removed her contacts. She then went into her sister's bedroom, which is also the back bedroom. Hearing what sounded like running, she glanced out the bedroom window (rear facing) to see a person go by from left to right (in a south to north direction). She could not tell if the person was black or white, man, woman or kid. She was only in the room long enough to put something down and pick something up, before leaving the room. About the time she made it to the hallway, she heard a male voice say "yo" or "no". By the time she made it to the front room, she heard what she describes as a gunshot. Because all the upstairs windows were open, she first thought the gunshot came from the front. She looked out the front window and did not see anything. It was about this same time that her sister [REDACTED] came upstairs. [REDACTED] said she thought somebody had been shot out back. They both went down stairs, where she [REDACTED] then looked out the rear glass door and observed a person lying on the ground on their back. On Thursday March 15, 2012, the Florida Department of Law Enforcement (FDLE) received a request for assistance from Norm Wolfinger, State Attorney for the Eighteenth Judicial Circuit, requesting that FDLE assist their office with an inquiry into the February 26th 2012, shooting death of Trayvon Martin. This investigative Report details Special Agent (SA) Steve Brenton obtaining video surveillance from the Lake's Edge Apartments in Sanford, FL.

On March 30, 2012 Special Agent (SA) Steve Brenton was requested by Special Agent Supervisor David Lee to make contact with the manager of the [REDACTED] and attempt to retrieve a copy of the surveillance video from the complex. At approximately 13:00 hours, SA Steve Brenton met with the manager, [REDACTED] and spoke to [REDACTED] regarding this request. [REDACTED] had previously spoken to SA John Batchelor regarding the surveillance video and was aware that FDLE wanted to obtain a copy of it. [REDACTED] indicated that she was not aware how to work the camera system as to how to obtain a copy of previously recorded video. SA Steve Brenton informed [REDACTED] that he would be able to retrieve the information from the system. SA Steve Brenton then copied from the video surveillance unit the video from February 26, 2012 between the hours of 16:00 - 20:00. Channel 2 was the only camera view selected as it showed the angle from the clubhouse towards the intersection of Rinehart Road and Towne Center Blvd.

On April 2, 2012, SA Steve Brenton reviewed the four (4) hours of surveillance video and did not see anything of evidentiary value as it relates to this investigation.

A copy of the video surveillance was copied onto a CD Rom and included as a related item with this investigative report.

discussed with Zimmerman what Zimmerman should or should not say if he was involved in a shooting. ██████ advised that both Zimmerman and his wife have concealed weapon permits.

On February 26, 2012, ██████ received a call from Shellie Zimmerman informing him that G. Zimmerman had been involved in a shooting. ██████ went to the scene where he met S. Zimmerman. ██████ advised that he did not talk to G. Zimmerman or any of the officers at the scene in depth. ██████ accompanied S. Zimmerman to the Sanford Police Department (SPD) where they waited in the lobby until G. Zimmerman was released the next morning. After G. Zimmerman was released, ██████ took the Zimmerman's to his residence. Once they were home, S. Zimmerman treated G. Zimmerman's injuries with butterfly bandages. The Zimmerman's remained at ██████ residence for approximately 4-6 weeks. G. Zimmerman stayed there until he decided to leave the state.

The morning after Zimmerman was released from SPD, February 27, 2012, at approximately 0300 hours, ██████ and Zimmerman did discuss what occurred. Zimmerman provided substantially the following information to ██████

Zimmerman informed ██████ that Zimmerman was on his way to Target, to shop for groceries, when Zimmerman observed Martin standing next to a residence. Zimmerman knew that Martin did not live in the neighborhood and described Martin as a, "fidgety tall guy". Zimmerman called the non-emergency number for SPD and reported a suspicious person. While on the phone with the SPD dispatcher, Zimmerman made eye contact with Martin and at one point Martin came within one arms-length of Zimmerman's car. Zimmerman lost visual contact with Martin and Zimmerman got out of his car and attempted to locate Martin. When Zimmerman could not find Martin, he ended his phone call with the SPD dispatcher, placed his cellphone in his pocket and was returning to his vehicle when Martin confronted Zimmerman. Martin stated to Zimmerman, "Do you have a problem Mother Fucker" to which Zimmerman replied, "No, I don't have a problem." Zimmerman looked down to get his cell phone out of his pocket as Martin stated, "You do now" and struck Zimmerman in the face. Zimmerman stated that he saw "Stars" and fell back, first onto his butt and then on to his back. Martin and Zimmerman struggled, which resulted in Martin gaining a position on top of Zimmerman, sitting on Zimmerman in the "mounted position," Martin's butt on Zimmerman's stomach, with Martin's knees on the ground next to Zimmerman's ribs. Martin then struck Zimmerman several times in the face and head. Zimmerman tried to sit up in an effort to get Martin off of him and Martin grabbed Zimmermans's head on the sides and slammed Zimmerman's head onto the sidewalk several times. Zimmerman began to wiggle his way off the sidewalk and began yelling for help. Zimmerman observed a witness come out. Zimmerman made eye contact with the witness, yelled for help, and the witness stated they would call 911 and went back inside. Zimmerman stated that another witness came out of another residence and Zimmerman again made eye contact with the witness and yelled for help. This person also went back inside. Zimmerman said that a third witness came out and Zimmerman yelled directly at them for help. They also went back inside. Martin then told Zimmerman to "shut the Fuck up," and Martin placed one of his hands over Zimmerman's nose and one over Zimmerman's mouth. Zimmerman used both his hands to pull Martin's hand away from Zimmerman's mouth. Martin then observed or felt the handgun on Zimmerman's side, took his other hand away from Zimmerman's nose and reached for the handgun stating, "You're gonna die now Mother Fucker." Zimmerman slapped Martin's hand away from the handgun, pulled the handgun, rotated the weapon and fired one round.

Case Number	OR-01-0071
IR Number	52

Zimmerman's elbow was on the ground at the time he fired. Martin then released his grip on Zimmerman and stated, "you got it, ok, you got it," pivoted his body 90 degrees and laid face down on the grass. Zimmerman righted himself and grabbed Martin's hands. Zimmerman almost immediately noticed someone with a flashlight and asked if they were the police, to which the person replied, "No". Zimmerman then saw a second person with a flashlight and asked if that person was the police to which the person replied, "yes". During his conversations, Zimmerman never used any racial slurs to describe Martin.

On February 28, 2012, [REDACTED] was present when Zimmerman did the video recreation of what occurred on February 26, 2012, at The Retreat at Twin Lakes on February 26, 2012, for the SPD. [REDACTED] also accompanied Zimmerman to the SPD on the night of Zimmerman's third interview.

During his conversations with Zimmerman, Zimmerman never asked [REDACTED] what to say or not to say during his interviews with the police. [REDACTED] stated Zimmerman did not understand the process and his only advice to Zimmerman was to tell the truth.

[REDACTED] described Zimmerman as a person of strong character but not very street wise. [REDACTED] has never known Zimmerman to be in a fist fight. Zimmerman stays in casual contact with a lot of people, but is not known to have any other close friends. [REDACTED] has been to Zimmerman's home about 50 times. [REDACTED] described Zimmerman's residence as organized and frugal. [REDACTED] stated that Zimmerman was very thrifty. Zimmerman told him he received his AA degree in Criminal Justice from Seminole State College. [REDACTED] gave Zimmerman a graduation party at his residence where about 20-25 people attended. Zimmerman addressed the crowd and thanked them for coming. [REDACTED] did not attend the ceremony and did not see Zimmerman's diploma. Zimmerman is not known to use any alcohol or drugs. [REDACTED] has never known Zimmerman to associate with anyone known to have any bias/prejudice against any individual or group based on race, religion, etc...

While living at the Retreat at Twin Lakes Zimmerman had a gas grill, charcoal grill and a bicycle stolen off of his back porch. When the bike was stolen, S. Zimmerman observed what she believed to be G. Zimmerman's bicycle at a neighbor's house. They called SPD who responded and asked G. Zimmerman to come to the home where the bicycle was located. SPD made contact with the home owner who denied there was a bicycle there, but when the home owner opened the garage there was a bicycle inside. G. Zimmerman was asked to identify the bicycle, but the seat was different, so G. Zimmerman could not positively identify the bicycle.

According to [REDACTED] Zimmerman is very close with many neighbors. Zimmerman felt just a few people were committing the crimes in the neighborhood and making the neighborhood look bad. Zimmerman loves his neighborhood and does not feel the problems were that bad. Zimmerman never talked to [REDACTED] about the burglaries or home invasion. Zimmerman never actively patrolled the neighborhood, but would just be very observant to what was going on while walking his dog around the neighborhood.

[REDACTED] advised that to his knowledge Zimmerman does not know State Attorney Angela Corey and [REDACTED] has no knowledge of Zimmerman doing any research on her. Zimmerman is frustrated with the New Black Panther party and is very scared of them. Zimmerman is very concerned with all the negative reaction from the press and others and wants more evidence

released to show what really happened. [REDACTED] has not spoken to Zimmerman since he turned himself in.

[REDACTED] confirmed that Zimmerman's mother, [REDACTED] was very strict and dominant. His mother was known to hit him all the time when Zimmerman was growing up. Up until this incident, Zimmerman was estranged from his family. His sister [REDACTED] has a different mother and is treated differently by his brother [REDACTED] and [REDACTED]. His father did not discipline and did not stick up for the kids as they were abused by their mother. G. Zimmerman has a closer relationship with his half-sister, [REDACTED] than he does with the other members of the family.

**FLORIDA DEPARTMENT OF LAW ENFORCEMENT

On Saturday, March 24, 2012, Special Agent Supervisor (SAS) David M. Lee and Special Agent (SA) Johnny Batchelor of the Florida Department of Law Enforcement (FDLE) conducted interviews of the below listed firefighters/EMS persons assigned to Station 38 in Sanford, Florida. The below listed Firefighters/EMS personnel responded to the February 26, 2012, shooting death of Trayvon Martin.

Emergency Medical Technician, (EMT) Kevin ORourke
Lieutenant (Lt.) Michael Turner
Firefighter (FF) Stacy Livingston
Firefighter (FF) Tyler Rochefort

EMT O'Rourke advised that when they arrived on the scene they observed the police performing CPR on an individual, later identified as Martin, who was suffering from a gunshot wound to the chest. EMT O'Rourke assisted Paramedic Mike Brandy attach the heart monitor to Martin, which revealed what he called, "no vitals, no code," and Paramedic Brandy pronounced Martin deceased. They then gathered their equipment and removed themselves for the scene. EMT O'Rourke observed another patient sitting in a police car, later identified as George Zimmerman, and he assisted FF Stacy Livingston in cleaning up Zimmerman's wounds. He described Zimmerman as being covered with a significant amount of blood on Zimmerman's face and the back of his head. EMT O'Rourke advised that Martin never regained consciousness and he did not recall Zimmerman make any statements about what had occurred. (Note: Paramedic Mike Brandy was on leave and interviewed on a different date.)

Lt. Turner was the on-scene supervisor for the fire department and his job was to monitor what was going on, make sure the firefighters and EMT's had the equipment they needed and watch out for their safety. Lt. Turner did not participate in the treatment of Martin or Zimmerman but was nearby, overseeing the entire scene. Lt. Turner did not hear Zimmerman make any statement about what occurred and Martin never regained consciousness.

FF Livingston advised that when she arrived on the scene she was directed to a gunshot victim, later identified as Martin. removed the can, sat it aside, and observed a gunshot wound to Martin's chest. (During a later interview, FF Livingston was asked if she remembered if there was a bag with the can. FF Livingston could only recall the can, not the bag.) The pads were applied to Martin and the decision was made that Martin was deceased. They gathered their equipment and left the scene.

FF Livingston was told there was another patient in the back of the police car, later identified as Zimmerman. FF Livingston and EMT O'Rourke began to clean the blood off Zimmerman's face and head so they could assess him. They discovered that Zimmerman had two lacerations on the back of his head and a possible broken nose. FF Livingston did not recall Zimmerman making any statements about what occurred while they were treating him.

FF Tyler Rochefort advised that when he arrived on the scene he was directed to the gunshot victim, later identified as Martin. Martin was unconscious when he arrived. FF Rochefort, along with FF Livingston attempted to check Martin's pulse and discovered Martin did not have a pulse. FF Rochefort stood by while the leads for the heart monitor were applied to Martin and Paramedic Brandy, after analyzing the data, pronounced Martin deceased. FF Rochefort then removed himself from the scene. FF Rochefort did not assist in the treatment of Zimmerman and did not hear Zimmerman make any statements.

Trayvon Martin

**FLORIDA DEPARTMENT OF LAW ENFORCEMENT
INVESTIGATIVE REPORT**

This case regards the inquiry into the February 26, 2012 shooting death of Trayvon Martin. On April 11, 2012, subject George Michael Zimmerman arrived at the Jacksonville office of the Florida Department of Law Enforcement (FDLE) where he was arrested for the murder of Martin. This report will document the actions taken by Jacksonville FDLE Special Agent (SA) Kirk Veazey and others on this date.

As documented in this case, Jacksonville State Attorney Angela Corey was appointed as a Special Prosecutor regarding this investigation. On April 11, 2012, it was learned that State Attorney Corey had scheduled a news conference where she would announce that Zimmerman would be charged with 2nd-degree murder for the death of Martin. On this same date, Zimmerman contacted FDLE Orlando SA John Batchelor by telephone, and SA Batchelor asked Zimmerman to call Jacksonville SA Supervisor (SAS) Mark Brutnell. Zimmerman contacted SAS Brutnell, and they met at the McDonald's restaurant located at 1768 North Davis Street in Jacksonville. Zimmerman followed SAS Brutnell to the FDLE office in Jacksonville, where they arrived at approximately 1720 hours.

Upon Zimmerman's arrival at FDLE, his vehicle was parked in a garage. SA Veazey escorted Zimmerman to an interview room. Zimmerman was searched by SA Veazey, and a pack of gum, a wallet, and a cell phone were located by SA Veazey. Zimmerman asked for and received water. At approximately 1721 hours, Orlando Attorney Mark O'Mara spoke with SAS Brutnell by telephone and also spoke to Zimmerman. At 1727 hours, SA Greg Holycross arrived in the interview room. At approximately 1730 hours, Zimmerman called his wife.

At 1731 hours 4th Judicial Circuit State Attorney's Office Investigators Dave Bisplinghoff and John Zipperer arrived in the interview room. Investigator Bisplinghoff explained that there was a warrant for Zimmerman's arrest, and that he could either be booked into the Duval County jail, with subsequent transportation to the Seminole County jail, or he could be booked on this date in the Seminole County jail. Zimmerman stated that he wanted to be booked in Seminole County. At this point, Investigators Bisplinghoff and Zipperer departed the FDLE building.

At 1755 hours, SA Veazey placed leg irons on Zimmerman's ankles and informed him that he was under arrest for 2nd degree Murder. Zimmerman asked SA Veazey to contact his brother-in-law [REDACTED] and arrange for the pickup of the rental car that Zimmerman was driving.

Arthur Barns (Sergeant, Sanford Police Department), date of birth [REDACTED] B/M, work address 815 W 13th Street, Sanford, Florida, was interviewed at his place of employment. Barns was advised of the identities of the interviewing agents and that he was being interviewed in reference to the Sanford Community. Barns provided the following information:

Barns was born in Sanford, Florida, where he has lived and worked his entire life. Barns served in the U.S. Army from 1980-1983 as a Military Police Officer.

Barns has been employed at the Sanford Police Department for 25 years. During his time at the Police Department he served one term as an investigator. Barns was promoted to Sergeant in 2002. Barns is currently assigned as the supervisor of the Property Crimes Division. This is Barns' third term as a supervisor in investigations. Barns has been assigned to the Property Division since March of 2011.

Barns stated he grew up on the west side of Sanford, which was primarily African American at the time. He stated the racial makeup back then was 60% white and 40% black. Barns states he believes the percentages are still the same but are more spread out and not predominate in any specific area.

Barns could not provide specific knowledge of The Retreat at Twin Lakes Subdivision. He acknowledges there has been some burglaries in the area and that has been an issue. Barns recalled an burglary incident that occurred a few weeks prior to the ZIMMERMAN-Martin shooting. The incident involved an occupied burglary with three African American male suspects and a white male suspect.

Barns stated that prior to the development of The Retreat at Twin Lakes it was an un-developed area. That area was not known to be associated with any particular race.

Barns stated the number one crime issue in the City of Sanford is burglaries. Burglaries have been the focus of the Police Department, more specifically the Property Division.

Barns is unsure how the younger African American Community is going to react to the outcome of the incident.

Barns believes the African American Community would be in an "uproar" if ZIMMERMAN is not charged. The community will be satisfied if an arrest takes place. As for the civil rights investigation, if it is determined to be a violation of Trayvon Martin's civil rights then it will reflect negatively on the Sanford Police Department and fingers will be pointed at them for not doing their job properly. Barns feels the community is at a 50/50 split whether it was a hate crime or not.

Barns felt the shooting was not racially motivated, but it was a man shooting an un-armed kid.

work station. ZIMMERMAN was granted permission, and brought the chair to use at his desk. When ZIMMERMAN would leave for the night, ZIMMERMAN would use a personal locking mechanism to secure his chair to his work station to ensure it was not removed during the night shift.

In October of 2011, ZIMMERMAN came into work and noticed the locking mechanism he used to secure his chair had been cut. This incident was subsequently reported to [REDACTED]. An internal review discovered an information technology (IT) employee by the name of [REDACTED] cut the lock to gain access to ZIMMERMAN's work station.

The internal review found that [REDACTED] could have used better discretion and handled the situation differently. The decision was made to reimburse ZIMMERMAN for the price of the lock. ZIMMERMAN provided [REDACTED] with a receipt for the lock indicating the lock cost \$6.00. [REDACTED] provided ZIMMERMAN with payment for the lock and the issue was resolved.

According to [REDACTED] this was a small incident that ZIMMERMAN handled in a professional manner. [REDACTED] did not think [REDACTED] and ZIMMERMAN had any interaction that resulted from this incident. [REDACTED] is no longer an employee of [REDACTED]. [REDACTED] separation from the company was not a result of this incident.

When asked if ZIMMERMAN had any known biases, prejudices, or irrational attitude against any class of citizen, religious, racial, gender, or ethnic group, [REDACTED] responded by saying "no." Furthermore, no complaints had been filed against ZIMMERMAN at the workplace that would indicate ZIMMERMAN had a bias against anyone.

On February 27, 2012, between the hours of 8:45 a.m. and 9:00 a.m., [REDACTED] was walking into work when he was approached by ZIMMERMAN. [REDACTED] immediately noticed ZIMMERMAN had medical tape across his nose that ran under his eyes. [REDACTED] observed [REDACTED] ZIMMERMAN's face was black and blue under the tape that ran across the front of his face. [REDACTED] noticed bruising beneath the tape of both of ZIMMERMAN's eyes. Zimmerman told him that his nose was broken.

ZIMMERMAN told [REDACTED] that ZIMMERMAN was involved with an incident last night and somebody died. ZIMMERMAN explained that they were having some problems in the neighborhood, so they formed

[REDACTED]

a neighborhood watch. ZIMMERMAN told [REDACTED] about an incident where ZIMMERMAN's wife had recently observed somebody leaving the residence of a single mother and ZIMMERMAN's wife did not recognize the person which caused concern. According to [REDACTED] ZIMMERMAN told him the story as an example of why the neighborhood watch was formed.

[REDACTED] interjected and asked ZIMMERMAN if they had registered the neighborhood watch with the police department. ZIMMERMAN told him that it was registered with the police department.

ZIMMERMAN talked about seeing a suspicious person in the neighborhood, and ZIMMERMAN followed the suspicious person to tell the police where the person went. ZIMMERMAN told him that he got out of his car to look for the suspicious person. As ZIMMERMAN was returning to his car, he was struck in the face by the person. As ZIMMERMAN was falling to the ground, ZIMMERMAN started calling for help. The person got on top of ZIMMERMAN and started hitting his head on the pavement. ZIMMERMAN made a repeated motion with his hands describing somebody using both hands to secure and slam a person's head into the pavement.

ZIMMERMAN had a gun on him that was in a holster. The person was trying to get the gun out of the holster. The person told ZIMMERMAN you are going to die. ZIMMERMAN reached down during the struggle, grabbed the gun, and shot. After the shot was fired, the person said, "you got me." When the person said "you got me", ZIMMERMAN thought the person was giving up.

ZIMMERMAN told [REDACTED] that the police deemed this was an act of self defense, and ZIMMERMAN was released. As ZIMMERMAN was describing this incident, ZIMMERMAN appeared concerned about the incident. ZIMMERMAN described the incident in a "matter of fact" tone. ZIMMERMAN did not provide a physical description of the person he had the altercation with. ZIMMERMAN provided no further description of this incident.

At one point, ZIMMERMAN turned his head which allowed [REDACTED] to view a number of abrasions on the back of ZIMMERMAN's head. When asked to be more specific about the number of abrasions, [REDACTED] responded by saying possibly 4 or 5 but [REDACTED] was uncertain about the exact number. [REDACTED] did notice

MELISSA FANNIN, Law Enforcement Lieutenant, JONATHAN LENT, Special Agent, and RAYMOND GILMORE, Law Enforcement Lieutenant, all from the State of Florida, Department of Business and Professional Regulation, Division of Alcoholic Beverages and Tobacco, address of 400 West Robinson Street, N-709, Orlando, Florida 32801, telephone number (407)245-0780, were contacted in person at their work address. PAUL FLEISCHMAN, Special Agent, also from the State of Florida, Department of Business and Professional Regulation, Division of Alcoholic Beverages and Tobacco based out of Pensacola, Florida, telephone number (850)494-5970 was contacted telephonically. After being advised of the identity of the contacting agents, FANNIN, LENT, GILMORE and FLEISCHMAN provided the following information:

In July of 2005, FANNIN, LENT, GILMORE, FLEISCHMAN, and their Captain, GERMAN GORZONE, who has since been terminated, performed an undercover operation at a bar near the University of Central Florida known as Knight's Library. During the operation, an underage undercover operator went into the bar, attempted to purchase, and was sold alcoholic beverages. As a result, multiple bar employees were removed from the establishment and placed under arrest.

While the state law enforcement agents were processing the prisoners, GEORGE ZIMMERMAN approached one of the prisoners and asked the prisoner what was going on. FLEISCHMAN informed ZIMMERMAN that he was a state law enforcement agent, showed ZIMMERMAN his badge, and told him to wait off to the side and FLEISCHMAN would explain to him what was going on after the agents were finished with the prisoners. ZIMMERMAN had an angry demeanor and told FLEISCHMAN that he did not care who he was. FLEISCHMAN attempted to escort ZIMMERMAN away from the scene. ZIMMERMAN then shoved FLEISCHMAN, at which point all of the agents on the scene pushed ZIMMERMAN onto the hood of FANNIN's car and placed him under arrest for battery on a law enforcement officer.

At no point during the interaction with ZIMMERMAN did he ever use a racial slur or other discriminatory comment against the agents. All of the agents on the scene were white except the Captain, who was Hispanic. The State Prosecutor's office later dropped the charges against ZIMMERMAN.

[REDACTED] has called the Sanford Police Department many times but most of them were related to personal issues she was having at home. She was in the middle of getting divorced from her abusive husband at the time. About two or three of the times that [REDACTED] called the Sanford Police were related to suspicious activity that she observed related to her duties as a street captain. Two of the three calls were for suspicious activity being conducted by black kids and one of the three calls was for suspicious activity being conducted by white kids. All of the calls were on young kids in their late teens. Sanford Police responded to each of [REDACTED] calls, though no arrests were made related to any of her calls.

[REDACTED] would see ZIMMERMAN out patrolling the streets about two to three times a week. ZIMMERMAN never exhibited any violent behavior or aggression, nor did he ever show any biases or prejudices that [REDACTED] observed or heard about. [REDACTED] thinks that ZIMMERMAN is a caring, good man and a nice guy. As far as she knows, ZIMMERMAN has a good relationship with his wife. [REDACTED] feels bad for what ZIMMERMAN is going through now. [REDACTED] had never heard anyone make any negative remarks about ZIMMERMAN before the shooting.

On the night of the shooting, [REDACTED] was at home but she did not hear anything. She did not know anything had happened until she saw the police lights out her front window. When she went outside and up the street to see what was going on, she saw ZIMMERMAN in a police car wearing a tan colored t-shirt. ZIMMERMAN was taken out of the police car and was patted down by an officer. ZIMMERMAN and [REDACTED] made eye contact while he was being patted down and ZIMMERMAN rolled his eyes. Sanford Police Investigator, CHRISTOPHER SERINO, work phone number 407-417-7866, personal cell [REDACTED] was interviewed at Sanford Police Station on March 3, 2012 at approximately 11:00 am. After being advised of the identities of the interviewing agents, SA Elizabeth C Alexander and SA Matthew Oliver, and the nature of the interview, he provided the following information:

Investigator Serino reviewed his police report dated 03/12/2012 in which he wrote, "The encounter between GEORGE ZIMMERMAN and TRAYVON MARTIN was ultimately avoidable by ZIMMERMAN, if ZIMMERMAN had remained in his vehicle and awaited the arrival of law enforcement, or conversely if he had identified himself to MARTIN as a concerned citizen and initiated dialog in an effort to dispel each party's concern. There is no indication that Trayvon MARTIN was involved in any criminal activity at the time of the encounter. ZIMMERMAN, by his statements made to the call taker and recorded for review, and his statements made to investigators following the shooting death of MARTIN, make it clear that he had already reached a faulty conclusion as to MARTIN's purpose for being in the neighborhood."

Agents asked SERINO about the above statement and he replied that just the act of following him (MARTIN) was the instigation (of ZIMMERMAN) and nothing else. SERINO believed that ZIMMERMAN's actions were not based on MARTIN's skin color rather based on his attire, the total circumstances of the encounter and the previous burglary suspects in the community.

Serino explained to agents that the local gangs, referred to in the community as "GOONS", typically dressed in black and wore hoodies. Serino believes that when ZIMMERMAN saw MARTIN in a hoody, ZIMMERMAN took it upon himself to view MARTIN as acting suspicious. Serino described ZIMMERMAN as overzealous and as having a "little hero complex", but not as a racist. Serino explained that on numerous occasions he asked ZIMMERMAN specifically if he followed MARTIN based on his skin color and ZIMMERMAN never admitted to this fact.

Serino told agents that he has talked to ZIMMERMAN on numerous occasions and feels like he knows him fairly well. Serino thinks that ZIMMERMAN does not want to be a cop because cops have a bad reputation and are bullies, but he wants to be a judge. Serino described ZIMMERMAN as being a "soft guy". Serino believed that ZIMMERMAN's story

██████████ date of birth ██████████ social security account number ██████████ was interviewed at his place of residence, ██████████ number ██████████. After being advised of the identities of the interviewing agents and the nature of the interview, provided the following information:

██████████ moved to his current residence on July 1, 2006 and joined the community neighborhood watch program (NWP) around mid August 2011. ██████████ had contacted the Sanford Police Department (SPD) in person and via the telephone to address some issues prior to the establishment of the NWP. The community home owner's associations (HOA) point of contact ██████████ (Phonetic Spelling) established the NWP in conjunction with the SPD. ██████████ participated as a captain in the NWP until about Christmas 2011. Although ██████████ stopped participating in the NWP program, he still kept an eye out on the units around his residence. ██████████ noted there was no hierarchy in the NWP and the term captain did not imply any type of special authority. ██████████ did not advise anyone of his decision to stop participating in the NWP, because it was so loosely affiliated there was no one to tell. There was no training provided to the NWP volunteers, but they did receive an emergency and non emergency number for the SPD. ██████████ attended approximately three NWP meetings, which were contained inside of the HOA meetings. ██████████ estimated approximately 40 people attending the December HOA/NWP meeting. The SPD gave state of affairs briefings at the HOA meetings for the NWP. The HOA produced a monthly letter that included NWP information.

██████████ knew GEORGE ZIMMERMAN to be a member of the community NWP, but ██████████ did not know ZIMMERMAN on a personal level. ██████████ did not know ZIMMERMAN's wife and has never been inside of ZIMMERMAN's residence. ██████████ never heard ZIMMERMAN state any prejudice or bias based on race or ethnicity. ██████████ noted ZIMMERMAN wanted a safe community and did not care about any individual's skin color.

On February 2, 2012, ZIMMERMAN called ██████████ to report an unidentified young black male looking in ██████████ residence via an opened window. ██████████ was with his girlfriend located 30 miles away at the time. ZIMMERMAN called 9*1*1 to report the activity to

[REDACTED] noted when the SPD responded to calls it was in an overt fashion leading to suspicious persons leaving the area without being located. [REDACTED] estimated he sees 25 people per week entering his community via an open area adjacent to his residence. [REDACTED] noted the majority of the individuals entering the community via the open area are young black males with a small percentage being whites and Hispanics. [REDACTED] has seen young black males entering the community smoking blunts. [REDACTED] has confronted some of the individuals entering the community via the open area, but [REDACTED] noted the individuals typically ignore him and continue speaking on their cellular phones.

[REDACTED] estimated his community was comprised of 90% whites in 2006 but now is very diverse. [REDACTED] noted the economic collapse has resulted in investors renting out their units at the community to individuals without completing required criminal and credit checks. [REDACTED] noted the community HOA has rules in place regarding the subletting of residence, but these rules have been ignored. [REDACTED] noted the HOA is currently running a negative balance to due the number of foreclosed units located at the community.

In August of 2011, [REDACTED] was present at a board meeting when ZIMMERMAN requested permission to use the clubhouse to [REDACTED] coordinate the first neighborhood watch meeting. The board granted ZIMMERMAN permission to use the clubhouse and waived the clubhouse rental fee.

[REDACTED] impression of ZIMMERMAN's interest in forming a neighborhood watch was that people attending the board meeting respected ZIMMERMAN, and they were pleased that ZIMMERMAN "stepped up" to coordinate the neighborhood watch.

[REDACTED] reported the first neighborhood watch coordination meeting was held at the clubhouse on September 22, 2011. [REDACTED] did not attend that meeting, nor does he know the number of members associated with the neighborhood watch. As the association manager, [REDACTED] was not responsible for the neighborhood watch.

Since the neighborhood watch was established, [REDACTED] had not received any complaints about the neighborhood watch, nor did [REDACTED] hear anything derogatory about ZIMMERMAN.

The extent of contact [REDACTED] had with ZIMMERMAN was limited to the landscaping issue and coordination of the one neighborhood watch meeting. [REDACTED] reported those were the only two contacts he had with ZIMMERMAN.

[REDACTED] provided two Retreat At Twin Lakes HOA Newsletters. The newsletters both have a section dedicated to updating the community on the neighborhood watch program. [REDACTED] stated if ZIMMERMAN was sitting here today she would "continue to look to advancement" for ZIMMERMAN. [REDACTED] also stated ZIMMERMAN was close to advancement with the organization.

[REDACTED] provided details in reference to an incident involving ZIMMERMAN and an IT employee, [REDACTED] which occurred within the last six months. [REDACTED] explained ZIMMERMAN had complained about a back injury and he purchased a special orthopedic work chair. ZIMMERMAN used his own lock to secure the chair to his desk/computer area. [REDACTED] believed ZIMMERMAN locked the chair to his desk to prevent the chair from being moved to another location. [REDACTED] stated it was not uncommon for chairs to be moved around the office for various reasons. [REDACTED] cut ZIMMERMAN's lock to gain access to his computer without informing ZIMMERMAN or [REDACTED]. Also, in cutting the lock, which was ZIMMERMAN's personal property, [REDACTED] "caused a mess" at ZIMMERMAN's desk. The NWC has had maybe 2 meetings with the Sanford Police Department (SPD) over the last year. SPD gave guidelines for the NWC to adhere to. The NWC does not patrol, but are given an area of the community to keep an eye on. To [REDACTED] knowledge there have been no complaints against GEORGE ZIMMERMAN (ZIMMERMAN) or any other NWC member.

[REDACTED] has seen ZIMMERMAN a handful of times at the HOA meetings. Twice he rang her doorbell to be social. Each encounter lasted approximately 5-10 minutes.

[redacted] had never before met Zimmerman. Zimmerman and [redacted] spoke to one another as she cut his hair and Zimmerman told her that he had just moved from Manassas, VA and was currently living with his family in Oviedo, FL. Zimmerman was then working as an agent for Allstate Insurance Company. His uncle, [redacted] owned the insurance brokerage where Zimmerman worked.

Zimmerman came back into Supercuts later in the day and asked [redacted] out on a date. They began dating and by either 2002 or 2003 were engaged to be married. Following the engagement, Zimmerman began to exhibit overly protective and territorial behavior over [redacted]. Among other things, Zimmerman told [redacted] that she needed to dress more conservatively. Following the engagement, they began to argue a lot more and [redacted] became so concerned about the deterioration of their relationship that she asked Zimmerman to obtain premarital counseling, which Zimmerman agreed to do. Zimmerman went to see a counselor at [redacted] church in Oviedo, FL. He went once per week for about a year. [redacted] accompanied Zimmerman to the counseling sessions about a quarter of the time.

At about the same time as their engagement, Zimmerman and [redacted] moved into a house together in Lake Mary, FL. The house was owned by Zimmerman's parents who had not yet moved from Manassas, FL. Over the course of the one year they were engaged, their

relationship deteriorated. There were three incidents in particular that [REDACTED] indicated were the primary reasons she eventually called off the engagement. First, on the way home from one of their counseling sessions at the church, Zimmerman hit [REDACTED] in the mouth with an open hand because she was chewing gum. [REDACTED] explained that she had previously, but playfully, hit Zimmerman in his mouth while he was chewing gum but Zimmerman didn't like it and this was his way of retaliating.

Second, while they were living in Lake Mary, Zimmerman befriended a next-door neighbor who was a female [REDACTED] could not recall her name) in her late teens who just had a baby. Zimmerman, who often talked about wanting kids after marriage, was caught by [REDACTED] as he was lying on their bed with the neighbor and her baby playing together. Although Zimmerman and the neighbor were not romantically involved as far as [REDACTED] knew, she considered Zimmerman's behavior with the neighbor to be inappropriate.

Finally, in a third incident, one evening Zimmerman had returned home after playing basketball. Zimmerman was tired and went right to bed. Later that evening, [REDACTED] answered a phone call from a female [REDACTED] could not recall her name) who asked if Zimmerman was okay. The female explained to [REDACTED] that Zimmerman had been questioned by the police. [REDACTED] never learned the reason why Zimmerman had been questioned but did not think it was anything serious. During the conversation, the female told [REDACTED] that Zimmerman had been telling people that he was no longer engaged. [REDACTED] explained to the female that they were still engaged and living together. The female told [REDACTED] that Zimmerman was on a dating website and was representing himself as single.

Following that conversation, [REDACTED] checked and determined that Zimmerman was in fact advertising himself on a dating website as a single male. [REDACTED] confronted Zimmerman about the website issue and Zimmerman admitted that he was on the site because he sensed he was going to lose [REDACTED] and didn't want to be alone. The discussion degenerated into a serious argument and [REDACTED] and Zimmerman began to push one another aggressively. [REDACTED] dog moved toward Zimmerman and Zimmerman kicked the dog in the stomach. At that point, [REDACTED] decided to leave Zimmerman for good but waited until the morning when he left for work before packing all of her things and moving in with her parents. [REDACTED] left the engagement ring and all of the jewelry Zimmerman had given her at the Lake Mary house.

After she moved out, Zimmerman called her regularly to apologize and said he wanted to get back together. [REDACTED] agreed to go out on a couple of dates with Zimmerman with the idea of reconciliation, however, [REDACTED] soon realized that although Zimmerman was a good talker and could be very persuasive, he hadn't really changed and she was no longer interested in reconciliation.

[REDACTED] subsequently moved into a townhouse in Orlando. On one occasion [REDACTED] was coming home at about 9:30 pm or 10:30 pm one evening and observed Zimmerman's car as it exited her complex. [REDACTED] called Zimmerman on his cellphone and asked him what he was doing as a test to see if he would admit he was at her residence. Zimmerman told her he had just taken a friend home. [REDACTED] asked where that was and Zimmerman gave her a location different from her address. [REDACTED] then told Zimmerman that she just saw him leave her complex. Zimmerman laughed and said he just wanted to talk to her because he was depressed about his grandmother's declining health issues. [REDACTED] advised that Zimmerman was very close with his grandmother. Zimmerman then asked if he could come back and talk to her and [REDACTED] agreed.

Zimmerman and [REDACTED] spoke for a while in her townhouse. When it got late, [REDACTED] told Zimmerman that she wanted to go to sleep. Zimmerman asked if he could stay with her. When she refused he asked if he could just sleep on the couch. When [REDACTED] refused again Zimmerman grabbed her cellphone, put it in his pocket, and said he wasn't going to leave. [REDACTED] attempted to remove the phone from his pocket but Zimmerman pushed her away. [REDACTED] dog then jumped at Zimmerman and bit his face near the jaw. [REDACTED] was then able to retrieve her cellphone and call the police. Zimmerman was gone before the police arrived.

The police encouraged [REDACTED] to file an injunction against Zimmerman which she did the very next day. The police eventually served Zimmerman with the injunction. The day after Zimmerman was served, [REDACTED] was served with an injunction which had been filed by Zimmerman. In that order, Zimmerman indicated that [REDACTED] had accused him of being a womanizer and had scratched his face after he refused to stay with her at her apartment. [REDACTED] advised that Zimmerman's statement was essentially the reverse of what she had stated in her order. They eventually went to court and a mutual one-year injunction order was filed. This occurred in 2005.

There was essentially no contact with Zimmerman for the next several years. In 2006, [REDACTED] married [REDACTED] but legally separated in February, 2011.

In 2010, Zimmerman sent [REDACTED] some emails asking her how she was doing and requested that they get together to talk. Between 2010 and 2011, [REDACTED] met with Zimmerman on a few occasions. The meetings were amicable. It was during those meetings [REDACTED] learned that Zimmerman had gotten married in 2007. Zimmerman complained that his current wife didn't want kids and he did.

Zimmerman often talked about wanting to be a police officer. [REDACTED] described him as being passionate about the prospect. After they broke up, [REDACTED] learned that Zimmerman was going to Seminole Community College for police training.

Zimmerman was very driven as was his whole family. At family gatherings, [REDACTED] noted that the family often spoke about financial status and material things. Zimmerman's mother talked about marrying into white families in order to improve one's status. Zimmerman's mother is from Peru but married an American white man. [REDACTED] did not get along with Zimmerman's mother and did not think that she approved of [REDACTED] because [REDACTED] mother was from Puerto Rico and her father was from Argentina, although she never explicitly said anything like that to [REDACTED]. [REDACTED] felt that Zimmerman's mother wanted him to marry a white female. Zimmerman's mother and grandmother exercised a lot of control over Zimmerman and he always seemed to want to please them. However, Zimmerman came to [REDACTED] defense on one occasion after [REDACTED] had an argument with his mother. Zimmerman turned off the electricity to his mother's house, locked the electrical box, and departed leaving his mother without electricity.

With respect to any biased or prejudiced behavior, [REDACTED] provided the following information:

Over the course of their relationship, [REDACTED] observed Zimmerman as he socialized and played basketball with white, black and Hispanic men. Zimmerman never exhibited any biases or prejudices against anyone and did not use racial epithets of any kind while [REDACTED] knew him. Zimmerman's friends were from all of these racial groups. Zimmerman also has a brother who is gay and Zimmerman has never showed anything but support for his brother.

Continuation of FD-302 of [REDACTED]

On 03/30/2012, Page 5

[REDACTED] said that the only negative thing she could think of with respect to Zimmerman was that he had a bad temper during their relationship. [REDACTED] always thought it could have had something to do with the side effects of Accutane, a drug Zimmerman was taking for acne treatment that she learned could effect one's personality. The worst behavior he exhibited was when he talked about killing himself. [REDACTED] explained that following some of their more intense arguments he would get depressed and talk about driving his car into a lake or taking a bunch of pills. [REDACTED] believed that behavior was designed to get her attention or to garner her sympathy.

Although Zimmerman had a bad temper with [REDACTED] she never witnessed any significant displays of anger or violence toward other people. [REDACTED] said Zimmerman would sometimes get angry and exhibit "road rage" while driving his car, but the incidents never resulted in any confrontations. Outside of the context of their own relationship, [REDACTED] never saw Zimmerman in any physical or verbal confrontation with other people. Zimmerman used to tell her stories of his friends from Manassas, VA who would "handle things" for him if anyone disrespected him.

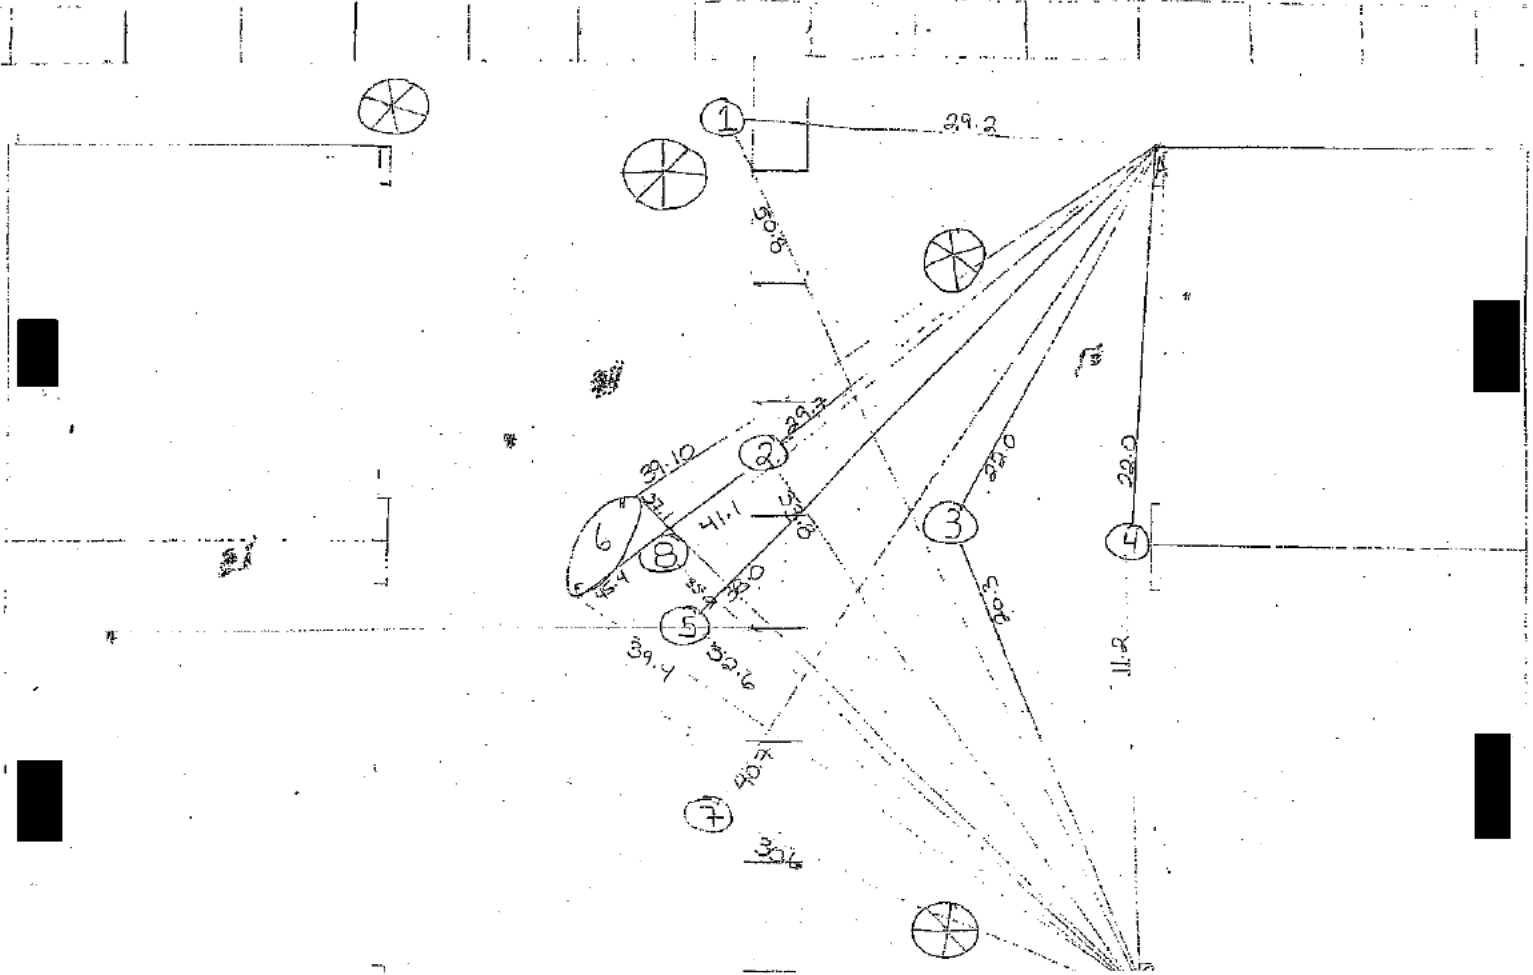

Although Zimmerman wanted to be a police officer, [REDACTED] did not consider him to be the type of person to put himself in harm's way. [REDACTED] never heard Zimmerman talk about weapons and never saw any weapons during their relationship.

With respect to Zimmerman's involvement in the shooting incident with Trayvon Martin, [REDACTED] said Zimmerman was the last person she would expect to be involved in anything like that. [REDACTED] reiterated that Zimmerman was not the type of person to place himself in a physical confrontation. Zimmerman wanted to be a successful person. If he couldn't be a police officer she knew he wanted to be successful in business.

REFERENCE:

This report is in reference to the following evidence submitted to the Florida Department of Law Enforcement on March 20, 2012 by D. Smith. This report may contain conclusions, opinions, and/or interpretations made by the author.

EVIDENCE:

FDLE Item#	Agency Exhibit#	Description
12	DMS-16	One grey Layer 8 Performance long sleeve shirt
13	DMS-19	One orange and grey Free Country jacket

RESULTS:

12, 13 DMS-16, DMS-19 The shirt and jacket were visually, microscopically and chemically processed for the presence of gunshot residues. Chemical testing indicated one particle of lead on the upper back portion of the right sleeve of the jacket. No other residues were found on the jacket or the shirt.

REMARKS:

Tests generated are being returned in the DMS-19 container.

Questions regarding this report should be addressed to: amysiewert@fdle.state.fl.us.

DMS-16 ⇒ As received multiple cuttings taken by Biology CIA Gorgone,
*no holes in shirt prior to Biology examination

Layer 8 Performance shirt: size L 90% polyester 10% spandex (on tag)

DMS-19 ⇒ As received multiple cuttings taken by Biology CIA Gorgone,
*no holes in ^{jacket} shirt prior to biology examination

- Free Country Men's size XL jacket outershell: 93% polyester 7% spandex

- inner shell: 100% polyester, lining 100% polyester (inner shell/lining?) on tag

- based on what was on tags + appearance of jacket, it appears to be the inner shell

- Made a control test "T" on center of back collar above the "u" in
"Free Country" to determine if direct application would be possible as

well as blot ⇒ control was negative (fabric labeled: Water Resistant)

- Made a second control test "T" on the back collar, just left of
the center to determine if the Bashinsky transfer method would work.

Control for transfer was positive and the two sleeves (front + back of
sleeves) and front of jacket were processed using the Bashinsky
transfer method. The inside front portions of the jacket
were processed using the direct application method.

(Control test was made on fabric due to the water-resistant label on the jacket)

Both DMS16 and DMS19 processed for presence of Pb residues
no holes were present on either exhibit.

*witnessed DMS16 and DMS19 opened by CIA Gorgone with no holes
in either garment as he received them.

Good afternoon Chief Lee,

My name is George Zimmerman and I have the pleasure of being a resident of the Retreat at Twin Lakes sub-division that lies within the beautiful city of Sanford. I have recently become active within my community, initiating a neighborhood watch program and working with Sanford Police Department in an effort to curtail the spike in robberies and home invasions in neighborhood within the past two months. In all aspects of my professional and personal life, I provide feedback when certain aspects deserve closer scrutiny, equally, I believe in providing positive feedback when merited. In the past, I have not had a positive perspective of Sanford Police Department, due primarily to the Sherman Ware incident; however, your Community Volunteer Coordinator, Wendy Dorival has given me a completely new perspective of Sanford Police Department. Mrs. Dorival has been fantastic in many aspects including but not limited to; returning all phone calls and emails in a timely manner, going above and beyond to help launch a neighborhood watch within my subdivision. Mrs. Dorival provides a wealth of information, and constantly, over delivers when any task or question is proposed to her. Mrs. Dorival is a testament to the highest level of professionalism of your administration. Thank you, and Sanford Police Department for employing persons of Mrs. Dorivals professional and ethical caliber. I have high hopes for, and restored faith in your administration and the Sanford Police Department in its entirety, directly contributed to Mrs. Dorival.

Sincerely,
George M. Zimmerman

Ms. Dorival:

I wanted to take a moment to show my appreciation for all your hard work and effort for the SPD and the citizens of Sanford.

We all know how hard it is to get a compliment, but to have someone to take the time to sit down and write an e-mail, means that you have gone above and beyond your ordinary job description.

Thank you for taking on a leadership role with our community.

Sincerely,

Jeff Triplett
Mayor

P.S. Chief Lee, thank you for passing this e-mail along to me. It's not often that we hear good things about our employees. I would like to share this e-mail with the other commissioners on Monday night!

On 08/03/11 at approximately 1102 hours, I responded to [REDACTED] Retreat View Cir in reference to suspicious person. Sanford Dispatch advised that the caller [REDACTED] (victim), could hear people inside her residence ([REDACTED] Retreat View Cir). [REDACTED] let me into the front door of the residence as Sgt. Jankowski went to the rear of the residence. Sgt. Jankowski advised that the rear sliding glass door was open (entry/exit point).

████████ stated that there were people still inside her residence. Sgt. Jankowski and myself then searched the residence (this was Sgt. Jankowski's only involvement in this case), but found no one inside.

████████ then provided a sworn written statement of the following information: On 08/03/11 at approximately 1100 hours, she heard a knock at her front door, then she heard the door bell. ██████████ did not have a way to look out the front door, so she went up stairs and looked out the window, where she could see the outside of the front of her residence (████████ Retrent View Cir). ██████████ saw a black male adult (wearing a blue shirt, and black shorts, with a short hair cut) standing at the front of her residence, ringing the door bell and knocking on the front door. ██████████ advised that she did not answer the front door, because she did not know the person. A few moments later, ██████████ again heard a knock at the front door followed by the door bell. She looked out the window again and noticed the same black male adult (this time the blue shirt was over his shoulder and he was wearing a black tank top), with another black male adult also wearing a black tank top and black shorts.

████████ said that she then called the police when she saw one of the unknown black males walk up to the rear sliding glass door of her residence. She then ran up stairs and locked herself into a bedroom. ██████████ advised that she could hear people inside her residence, and could see the door knob moving to the room that she was hiding. ██████████ said that she could hear them walking down the stairs when the police were knocking on the front door.

After the residence was searched ██████████ looked around her residence and advised the following items were missing: Canon EOS digital rebel xs camera black in color. Value \$600.00. Serial number ██████████ IMAC laptop computer silver in color. Value \$300.00. ██████████ advised that no one had permission to enter her residence or take any items and she wants to press charges.

I processed the scene for prints and was able to lift off of the rear sliding glass door, the living room TV set, and the upstairs bedroom computer screen (JB-1). All prints were turned into the Sanford Police Department for evidence. ██████████ stated that the rear sliding glass door was locked, however when I checked the door I could see that the lock on the door was not functional (the lock was not broken into, it was just not working). The camera was entered into FCIC/NCIC as stolen. There is no further information at this time. This case is being forwarded to Inv. Foshee who responded to the scene.

Three latent fingerprints, five latent palm prints and two latent impressions (lower joints of the fingers) noted on Exhibits JF1(1), JF1(2), JF1(3), JF1(4), JF1(7), JF1(8) and JB1(1) were not identified with the prints of BURGESS.

The latent prints in this case were compared with the prints of BURGESS as the result of a search of the Biometric Identification Solution (BIS).

On 09/27/2011 I attempted to make contact with Mrs. [REDACTED] reference the updated information, however I met with negative results. A voice message was left requesting a call back.

at 1411 hours Mrs. [REDACTED] returned my call and advised she does not know Burgess nor did she ever allow him in or around her home.

On 10/05/2011 I received a message from Mrs. [REDACTED] requesting case information.

On 10/06/2011 I made contact with Mrs. [REDACTED] via phone and provided case information.

I generated a photo lineup utilizing CAFE. The lineup included Emmanuel Burgess and five other males with similar facial and physical characteristics.

at 1359 hours I made contact with Mrs. [REDACTED] at her residence. I presented Mrs. [REDACTED] a copy of the photo line up and without hesitation she identified Emmanuel Burgess as the male she saw at her door the day of the burglary and the same male who thirty minutes later returned and entered her home.

at 1400 hours I attempted to make contact with Burgess at his residence, however I met with negative results. [REDACTED] (father) answered the door and advised he would let [REDACTED] know I need to talk to him.

On 10/06/2011 [REDACTED] mother of [REDACTED] called and left a message requesting I call her back.

On 10/07/2011 I returned the call to Mrs. [REDACTED] and informed her I need to speak to [REDACTED] reference the case. Mrs. [REDACTED] advised she did not know where her son was at this time, but that he still lives with her. Mr. [REDACTED] advised she would let [REDACTED] know I need to speak with him.

at 1400 hours Deputy C. Johnson with the SCSO contacted me and advised [REDACTED] is currently on Conditional release from a level ten program after being released on 07/18/2011

On 10/12/2011 I distributed a photo lineup to SPD via email and placed copies in the briefing room.

Based on information and evidence obtained I am forwarding the case to the SAO requesting F.S.S 810.02 3a and 812.014 2c be filed against [REDACTED]

CONCLUSION:

At this time there are no additional leads to follow, case will be inactive pending return of latent prints.

NARRATIVES

Rpt Date: 8/3/2011 12:28 Reporter: B65567 Blake, James Clearance: 0 Open Narr. Type: O

On 08/03/11 at approximately 1102 hours, I responded [REDACTED] Retreat View Cir in reference to suspicious person. Sanford Dispatch advised that the caller [REDACTED] (victim), could hear people inside her residence ([REDACTED] Retreat View Cir). [REDACTED] let me into the front door of the residence as Sgt. Jankowski went to the rear of the residence. Sgt. Jankowski advised that the rear sliding glass door was open (entry/exit point). [REDACTED] stated that there were people still inside her residence. Sgt. Jankowski and myself then searched the residence (this was Sgt. Jankowski's only involvement in this case), but found no one inside.

[REDACTED] then provided a sworn written statement of the following information: On 08/03/11 at approximately 1100 hours, she heard a knock at her front door, then she heard the door bell. [REDACTED] did not have a way to look out the front door, so she went up stairs and looked out the window, where she could see the outside of the front of her residence ([REDACTED] Retreat View Cir). [REDACTED] saw a black male adult (wearing a blue shirt, and black shorts, with a short hair cut) standing at the front of her residence, ringing the door bell and knocking on the front door. [REDACTED] advised that she did not answer the front door, because she did not know the person. A few moments later, [REDACTED] again heard a knock at the front door followed by the door bell. She looked out the window again and noticed the same black male adult (this time the blue shirt was over his shoulder and he was wearing a black tank top), with another black male adult also wearing a black tank top and black shorts.

[REDACTED] said that she then called the police when she saw one of the unknown black males walk up to the rear sliding glass door of her residence. She then ran up stairs and locked herself into a bedroom. [REDACTED] advised that she could hear people inside her residence, and could see the door knob moving to the room that she was hiding. [REDACTED] said that she could hear them walking down the stairs when the police were knocking on the front door.

After the residence was searched [REDACTED] looked around her residence and advised the following items were missing: Canon EOS digital rebel xs camera black in color. Value \$600.00. Serial number [REDACTED] IMAC laptop computer silver in color. Value \$300.00. [REDACTED] advised that no one had permission to enter her residence or take any items and she wants to press charges.

I processed the scene for prints and was able to lift off of the rear sliding glass door, the living room TV set, and the upstairs bedroom computer screen (JB-1). All prints were turned into the Sanford Police Department for evidence. [REDACTED] stated that the rear sliding glass door was locked, however when I checked the door I could see that the lock on the door was not functional (the lock was not broken into, it was just not working). The camera was entered into FCIC/NCIC as stolen. There is no further information at this time. This case is being forwarded to Inv. Foshee who responded to the scene.

I was downstairs when I heard the doorbell ring so I ran upstairs to look out the window since I don't have a peek hole. After hearing them ring a few times I saw him step back and look up to see if there was anyone at the window so I stepped back and stayed in the room for a minute then walked downstairs to double check the locks and shut the blinds then I walked back upstairs and since I hadn't heard them in a while I was just double checking the windows, after a few minutes I saw the same black thin male wearing a black wife beater (He was wearing a blue shirt the first time I saw him at the door). He was walking with another black guy this time they were in the street in front of our house, walking they I saw one of the men walk towards my door so I locked myself in the upstairs room and called the cops. Once I was on the phone with the cops I heard something slam downstairs then shortly after heard footsteps coming up the stairs, then as the cops were knocking at the door, I saw and heard them trip open the door to the room I was in, then heard more creaks down the stairs. About a min. later the lady on the phone told me to come down and let the cops in.

INVESTIGATOR: Lugo, Sanjuanita

DETAILS:

On 08/24/2011 I received the case for further investigation.

at 0921 hours I searched FINDERS for a [REDACTED] and found on 08/23/2011 he had been arrested by Sanford Police, Officer J. Blake for trespassing in the Arbor Lakes Subdivision. [REDACTED] also had several local pawn, however they were all from 2010.

In her statement Mrs. [REDACTED] advised she was unsure of [REDACTED] complete name, but would be able to identify him in a photo lineup. Based on this information I developed a photo lineup utilizing the CAFE system. The lineup contained [REDACTED] and five other males with similar physical and facial characteristics.

at 1041 hours I made contact with Mrs. [REDACTED] via phone. Mrs. [REDACTED] advised she was currently at the DMV and could meet with me on today's date, but could not provide a specific time. I provided my cell phone number and asked Mrs. [REDACTED] to call me when she was on her way and I would meet her at the Sanford Police department.

On 09/06/2011 I made contact with Mrs. [REDACTED] via phone. Mrs. [REDACTED] advised she was available for me to make contact with her at her residence today.

at approximately 1500 hours I made contact with Mrs. [REDACTED] at her residence. I presented the photo lineup to Mrs. [REDACTED] and she identified [REDACTED] as the male who came to her home acting suspicious before the burglary.

It should be noted on [REDACTED] has been trespassed from Plantation and Arbor Lakes both are near The Retreat at Twin Lakes.

I searched CAFE and found [REDACTED] is currently incarcerated at JE Polk Correctional facility.

On 09/07/2011 I made contact with [REDACTED] at the JE Polk Correctional facility. Post Miranda [REDACTED] agreed to talk to me reference the case. [REDACTED] admitted to going to Mrs. [REDACTED] home the night before the burglary and asked to stay the night. [REDACTED] advised this was not out of the ordinary for him because he had spent the night there a few times before. When asked what he did on the sleep over [REDACTED] advised he and Mrs. [REDACTED] son [REDACTED] would play games and watch television. [REDACTED] advised this was the last time he went to Mrs. [REDACTED] home, because he was arrested (201150004802) shortly after. [REDACTED] denied having anything to do with the burglary to Mrs. [REDACTED] residence and did not have any information to provide that may lead to a suspect.

at 1619 hours I made contact with Mr. [REDACTED] via phone. I asked Mrs. [REDACTED] what time she left her residence and she advised she left her home after 0900 hours. It should be noted on the same date of the burglary [REDACTED] was contacted by Officer J. Blake and arrested (201150004602) at 0908 hours. Based on this information it was not possible for [REDACTED] to burglarize Mrs. [REDACTED] residence.

Unfortunately with no leads or evidence the case will be inactive pending additional information. I contacted Mrs. [REDACTED] and informed her of this and she advised she understood.

CONCLUSION:

Unfortunately with no leads or evidence the case will be inactive pending additional information.
